## A Note from 'The Agent'

Wow, it's hard to believe Spring is finally here. Spring time brings a wonderful period of renewal and transformation, just as the butterfly emerges from its cocoon, we must find things in our lives that we are ready to dispose of that weigh us down and keep us from a new beginning. America's Insurance Agency (AIA) is now in its 11th year, and we have made some big changes.

Our most exciting news is the addition of 2 new employees to our AIA family, Kathryn Hatch and Kelly Grant.

After graduation from Kent State University with a degree in Business Administration concentrating in Marketing and International Business Kathryn entered the insurance world working as a producer for Progressive Insurance in Mayfield Village, OH. As

a Mahoning County transplant, she then moved back to the area to work for a local independent agency in personal lines for two years and commercial lines for one year. Her behind the scenes knowledge has given her a good grasp of the interworking of

the industry and her experience working with customers make her an ideal agent to meet your needs.

Ms. Hatch's entrepreneurial spirit has built her knowledge in the green industry and provided opportunities to teach people simple ways to make an impact on the planet. She has background both in leadership and customer service, working for and with her clients' behalf is her main objective.

She knows the importance of working for and in her community and has always been an active participant in her community. Annual Christmas and Easter events for the children of the Youngstown Rescue Mission is an event that she coordinates, participating in cleaning up downtown Youngstown, participating in the planning community events and speaking at local organizations are some of the ways that she likes to be involved.

Kelly Grant has been a licensed Property and Casualty Insurance Agent for the past 10 years. She is very excited to be rejoining America's Insurance Agency. Ms. Grant previously worked for the agency for six years from 1998 through 2004. Her belief in rejoining the AIA family will offer a great future for her and her family.

Kelly Grant

Ms. Grant has been married to her husband Jeremy Grant for almost 4 years and has three wonderful children. Todd is 16, Haylee is 15, and Dominic is 12. When Kelly is not busy working she enjoys traveling the world with her husband and vacationing & having fun with her children.

Ms. Grant brings a positive attitude to the work place and will help to grow America's Insurance Agency in anyway that she can.

From all of us at AIA, we wish everyone the best success, good health, and happiness in 2010.

## Mrs. Agent's Household Hints

### BENEFITS OF PEROXIDE:

salmonella and other bacteria

1. Let your toothbrushes soak in a cup of "Peroxide" to keep them free of germs
2. After rinsing off your wooden cutting board, pour peroxide on it to kill salmonella and other bacteria
3. Fill a spray bottle with a 50/50 mixture of peroxide and water and keep it in every bathroom to disinfect without harming your septic system like bleach or most other disinfectants will
4. You can also add a cup of peroxide instead of bleach to a load of whites in your laundry to whiten them

## Storm's Warnings & Tips

Whether you're still unpacking from your recent move or whether your boxes of memorabilia have been stashed away for years, the contents in your home are valuable. Your house or apartment would not be a home without your belongings. Trying to appraise your belongings would be a difficult task without an organized format to follow. We have a

Household Inventory available for you to record and accurate assessment of your belongings. Should a loss occur, your completed inventory list will help you to readily identify the extent of the loss. We recognize how important your personal belongings are to you. And it is important to us to provide you with the service you deserve.

Stop by our agency to pick up your Household Inventory form today. Any of the courteous staff will take the time and make sure you completely understand everything. And remember to keep your Household Inventory form in a safe place outside your home, like in a bank safety deposit box.  
~ WOOF!
